

# **Elawan Energy is currently seeking a Wind Farm Site Manager for the Flat Water Wind Farm (Dubois, NE) and Petersburg Wind Farm (Petersburg, NE)**

**Duties will include, but are not limited to, overseeing the day to day operations of both wind farms. This includes doing daily reports, wind farm and wind turbine inspections (must be able to climb an 80 meters wind turbine), EHS reporting, oversight of all subcontractors working on site, inventory control, monthly reports, invoice review, purchase order creation, and other duties as assigned.**

**Candidate will need to be able to climb a wind turbine to perform QC inspections. Candidate will be required to live within 1 hour of either Flat Water or Petersburg Wind Farm, and will have to travel 1x per week to the other site to complete duties. Lodging and company vehicle for travel will be provided. Sites are about 4.5 hrs. apart. Occasional trips to the US Corporate office in Houston, TX will be required, estimated to be 1 to 2 times per year for a week each. Other travel may be required for training or support at other sites Elawan owns.**

## **Desired qualifications:**

- Bachelor's Degree from accredited university or college, or high school diploma or GED with a minimum 3 years experience in a field services roll in the wind industry**
- Basic understanding of electrical and industrial equipment**
- Ability to create reports in Word and Excel required**
- Global Wind Organization training and SAP ERP experience, and being bilingual in English and Spanish a plus, as Elawan's Global Headquarters are in Spain.**
- Candidate must be able to pass a pre-employment background check and drug screening**

**Clean motor vehicle record or driving record required.**
