

Early Childhood/Family Development Center

Director Wanted

The Director is responsible for ensuring a safe and educational environment for children ranging in age from six weeks through Kindergarten. This includes, but is not limited to; complying with state regulator guidelines, managing staff, developing curricula, communicating and partnering with parents, coaching and coordinating team members, as well as collaborating with community partners. The Director will develop clear goals and direction for the organization while inspiring and leading a diverse team. The Director will report to the Board of Directors and will work in collaboration to uphold the vision, goals, values, and reputation of the child development center.
