

HELP WANTED:

Public Works Maintenance Operator

The City of Albion is accepting applications for a Public Works Maintenance Operator. The position is under general direction of the Public Works Coordinator and may be required to perform a variety of tasks in the maintenance and operation of streets, parks, sewer and water systems, and all equipment of the city. Operator duties may have a designated emphasis toward one public works department upon hire; however, the intent is to cross-train public works maintenance operators to provide assistance in all public works departments in order to be better prepared for temporary personnel needs across public works departments as necessary.

Requirements include graduation from high school or equivalent, a valid Nebraska driver's license, and relevant experience in a labor, construction, or contractor-related industry. Previous Water Operator and/or Waste Water Operator experience, training and certification preferred.

Full job description, list of requirements, and application materials available online at <https://networks.nebraska.gov/> or at Albion City Hall, 420 W. Market Street, Albion, NE. Position is open until filled. EOE
